LUCY PINDER

**"Monica Bellucci is
the hottest thing
on the planet!"**

Hi Lucy! The car in this shoot is pretty cool. Do you like that kind of thing? I'm not really

into American muscle cars. I'd have preferred a Lambo or something. Maybe next time! **Alright, we're not made of money! Although, speaking of which...** if you won the lottery, what car would you buy? I'd go out that same day and buy a black DBS. I love Aston Martins, love them!

What's the fastest you've ever driven in a car? I wasn't driving but I've been in a car of mine when it's hit 174mph! That was in an Audi RS4 and it was scary. I really want to go to one of those driving days where you let rip on a track!

Have you ever, you know, "done the business" in a car?

Of course, it's fun! If you've never done it before, make sure you park somewhere very deserted. I think most people have sex in cars out of necessity because, let's face it, if you've got a bed, a couch or a floor, it's easier than a car!

If you had to go on a road trip with three famous people, who would you pick? I'd go

with the three from *Top Gear*! That'd be funny. Who's my favourite? It's a toss-up between Clarkson and May.

Actually, hang on! I actually quite like Hammond's dishevelled rock-star look, so I don't know which I prefer!

This shoot's a bit American.

Do you like the US? I've never actually been! I'd like to see LA because people say you either love it or you hate it. And if I went to New York, I think I'd spend all my money shopping!

Do you think American women are sexier than Brits?

Well, it's not fair because America's a bigger country, so in terms of numbers of girls, there are probably more hotter Americans. But I think we do well. They've got Megan Fox, we've got Keira Knightley, they've got Katy Perry, we've got the *Nuts* girls. Personally, I like Italian women though. Monica Bellucci's easily the hottest thing on the planet! ➔

If you could theme your own *Nuts* shoot, what'd it be like? I'd like to do something totally different. I think that'd be fun. I saw a shoot a while ago where the girls were done up like sexy zombies – they looked fantastic! Maybe we could do that at Halloween. I'd also like to do a screen siren-themed shoot. I'd be Jessica Rabbit!

Did you ever think your boobs would become so famous? No, it's a bit weird. But it's a compliment! Lots of gay men tell me the boobs they've seen most are mine because they obviously don't get exposed to many. I'll remember the nice things people say about my boobs when I'm old!

What do you think makes your boobs special? They're on the large side and in good shape, I suppose. Big and round is a winning combo. Nipples are quite important as well. Again, quite round is the key and not too big. I'm lucky, boob-wise, but I reckon Sophie Howard's are the best – in fact, they're perfect!

Looking back over your *Nuts* career, what's been your all-time favourite shoot? They're all really good fun. It's just like meeting up with your mates. But I really like the dark, bondage-themed ones. The weirdest shoot was probably the one in the supermarket!

Do you think your last-ever *Nuts* shoot will be emotional? Yeah, definitely. It's alright though, I'll still just turn up. I'll just hang around in the *Nuts* office making tea until I'm 50!

Are we ever likely to see *Pinder: The Movie*? I doubt it! I'd like to do a bit of acting, although I wouldn't want it to be about me. I don't like to be the centre of attention, which is strange considering what I do! Since I wouldn't star in my life story, I don't know who'd play me. She'd have to wear a prosthetic chest!

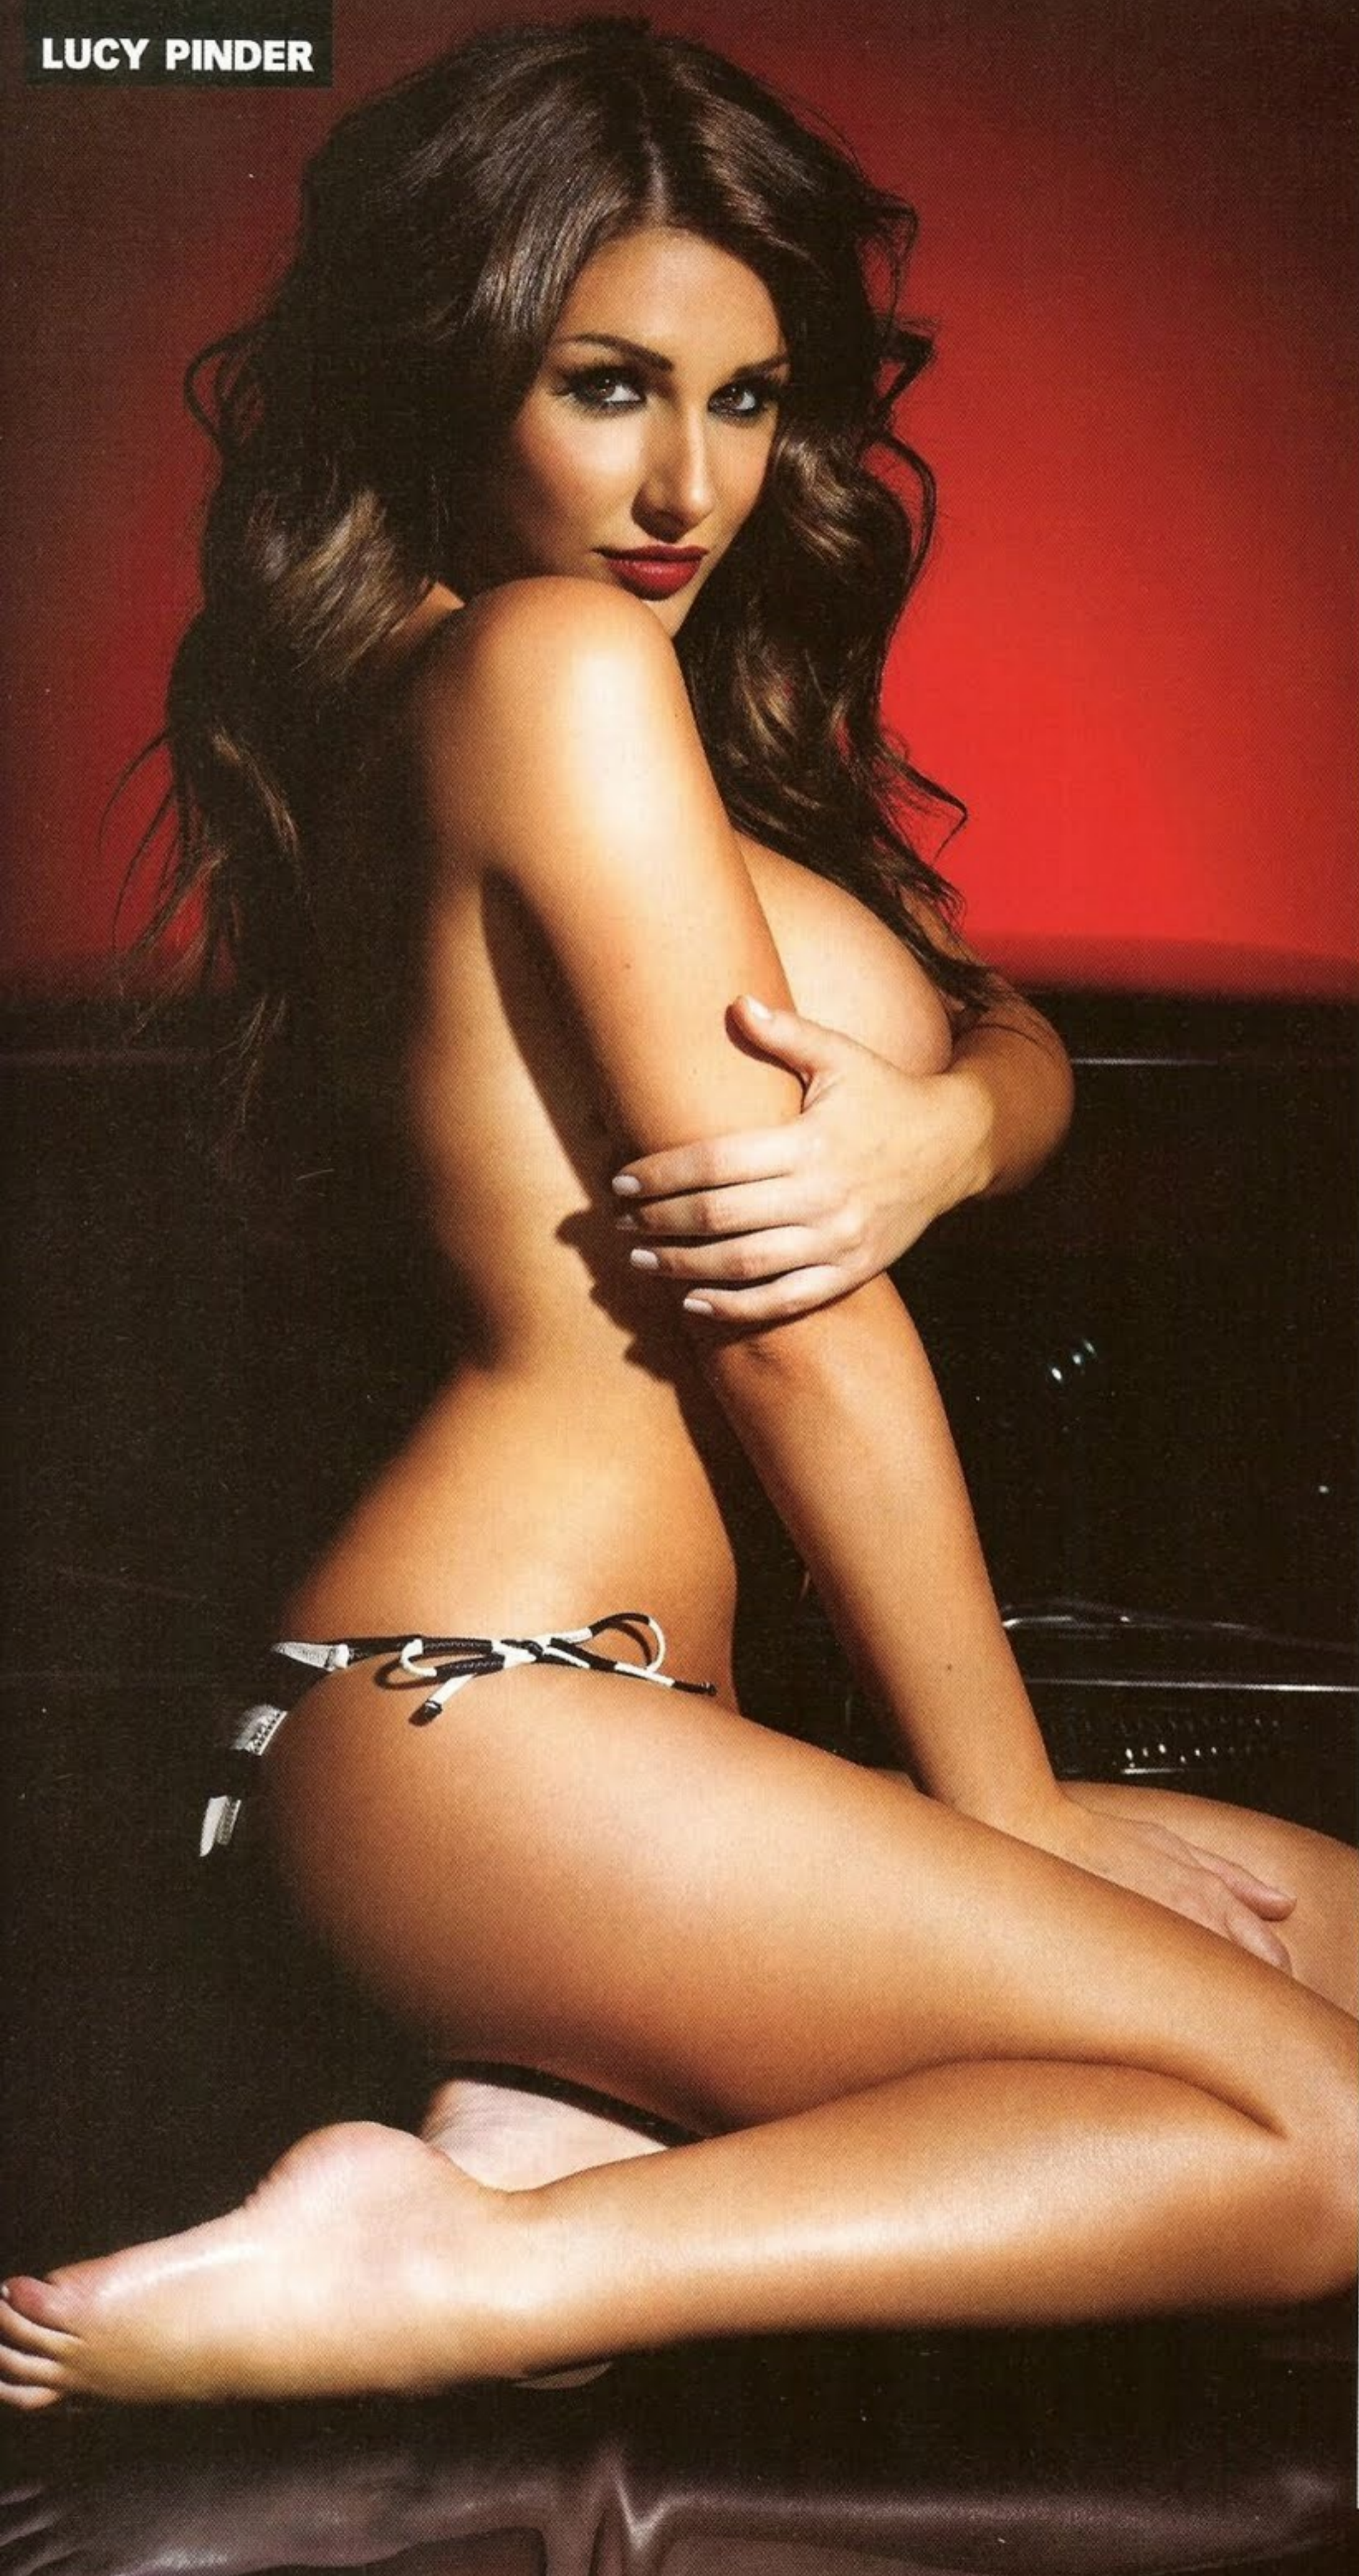

Tell us the most shocking thing you've done recently. I'm quite boring! Mind you, what I do is probably quite shocking for glamour models, isn't it? Like cleaning the ➔

cat litter tray out and doing the hoovering or watching French films. I'm a good girl! I do a bit of cooking as well, actually.

I make a really good banana cake. Next time I come in to visit you guys in the *Nuts* office, I'll bring you all a slice! **Have you ever said, "Don't you know who I am?"** No! I don't even queue-jump. My friends have tried to make me, though. If I was a bouncer, and someone said that to me, I'd tell them to f**k off!

Fair enough! What's the strangest thing you've ever signed? I've autographed girls' boobs, which is always a treat. I haven't ever signed a bum, though. I don't think I'd want to! I've signed people's credit cards, and some really nice clothes, though. I always ask if they're sure they want me to scribble all over them, because it's ruining their top!

What would you do if someone came up to you and had your face tattooed on them? That'd be a bit OTT, although I guess I'd have to be a bit flattered. But I don't want any *Nuts* readers doing it now!

Has a fan ever done anything really nice for you? I get nice letters. I like the pictures the soldiers send in of them with a poster of me. That's quite cool because you're like, "I'm on the wall in Afghanistan or Iraq!" I really love that people like me. I'm a very lucky girl!

Do you like doing shoots with other people or do you prefer it on your own? I don't mind mixing it up a bit, to be honest. It's fun when there are a few of us on the shoot and we're just getting naked together!

We agree! OK, final question, Lucy – out of our new babes, who would you most like to do a shoot with? There are so many pretty girls, I don't know all of them! I really like Rosie, though, because she's hot and has the most amazing body. And there's a really pretty new girl with big boobs, I think it's Holly [Peers]. She's really pretty and looks like she really suits *Nuts*. A shoot with Rosie and Holly would be amazing! ■

figured we'd combine
the two by getting the lovely Lucy
